

Copacetic bodyworks Safety Precautions for COVID 19

I put your health and wellness at the top of my priority list when you are in my office. I want you to feel safe. In order to stay healthy together, I have implemented these new policies and procedures.

If you have traveled in the last month, have a cold or flu symptoms (cough, feeling unwell, sneezing, body aches, fever etc.) please call and reschedule your appointment. Please stay home and rest.

I will wear a mask and gloves during your treatment.

Please come at your appointed time for your massage – do not enter the office if you are early or if there is another car parked in one of Copacetic bodyworks parking spots. This will give me time to sanitize in between appointments.

When you enter the office:

- please wear a disposable or cloth mask
- your temperature will be taken
- there will be a place for you to leave your keys, cell phone, etc. in while you are in the treatment room. The front door will be locked while you are receiving your treatment.
- please do not bring in outside food or drink
- wash your hands before entering the treatment room

No additional guest or children are allowed in the office during your service.

If exposed to COVID 19, I will self-quarantine for 15 days. I will comply with contact tracing efforts, working with the Department of Health and other entities as necessary.

I love hugs and great conversation; however, at this time I ask for a contactless greeting and minimal to no talking.
